**DEZEGA®**

**EU type examination of apparatus carried out according to module B (Part A Annex III of EU Directive 2014/30/EU). The apparatus is considered to meet the requirements of the following directives and standards:**

**Directive:** Directive 2014/30/EU of the European Parliament and of the Council of 26 February 2014 on the harmonisation of the laws of the Member States relating to electromagnetic compatibility.  
**Used standards:** EN IEC 61326-1:2021 - Electrical equipment for measurement, control and laboratory use - EMC requirements - Part 1: General requirements.  
**Test report:** No. LEITC-TR-24-141

**Notes:**  
The manufacturer shall keep a copy of the EU-type examination certificate, its annexes and additions together with the technical documentation at the disposal of the national authorities for 10 years after the apparatus has been placed on the market.  
The manufacturer shall take all measures necessary so that the manufacturing process and its monitoring ensure conformity of the manufactured apparatus with the approved type described in this EU-type examination certificate and with the requirements of the above Directives that apply to them.  
The manufacturer shall affix the CE marking to each individual apparatus that is in conformity with the type described in this EU-type examination certificate and satisfies the applicable requirements of this Directive.  
The manufacturer shall draw up a written EU declaration of conformity for each apparatus model and keep it at the disposal of the national authorities for 10 years after the apparatus has been placed on the market.

Head of Certification Body:

Sergey Kovalev

Date of issue: 06 January 2025  
Certificate is valid until: 06 January 2030

The CE marking may be affixed to a product if it complies with all applicable requirements of the relevant Community harmonization legislation providing for its affixing.
